

My family have enjoyed not recieving 3 to 5 wasted phone calls before 8AM in the morning and after 5 PM to 9 PM in the evening
Thank God for the Attorney General's rule, Myself and my family also my 82 year old mother thanks him. My mother because there is a delay in the computer generated calls always thought someone was pranking her or suspected some weird neighbors calling at all hours.

I support the Rule,

Robert Hanaway
